Front-End Software Developer

JakeServin@gmail.com - [\(951\) 551-5005](tel:(951)551-5005) - JakeServin.dev - github.com/JakeServin

SUMMARY

Currently working with local businesses on their web presence. I'm also looking for a junior software developer role where I can extend my knowledge and experience while also being a core contributor. After recently attending a 26-week bootcamp and picking up freelance clients, I believe that I'm well prepared for the next step in my career as a software developer. I look forward to working with you.
