Jake Servin | Junior Developer

JakeServin@gmail.com - (951) 551-5005 - JakeServin.dev - github.com/JakeServin

SUMMARY

Looking for Junior Developer role where I can continue my education and be a core contributor to the team. My biggest goal at this time would be to work as at a company that takes exceptional design and user interaction into account and that prioritizes growth for its employees. I look forward to using my current skills to contribute to the success of any company I end up working with and continuing my education in software development.

SKILLS

Front-End: HTML5, CSS3, JavaScript, React, Create React App, Redux, React Context, Next.js

Back-End: *Node.js, Express.js, PostgreSQL, Sequelize, Git, REST*
